**ORDER**

19-CV-8730 (JMF) (JLC)

**JAMES L. COTT, United States Magistrate Judge.**

Following the settlement conference in this case on July 27, 2023, the Court made a settlement proposal to the parties. Counsel for the defendants reported to the Court last week that the defendants accept the Court's proposal, and the Court today received a letter from the plaintiff, who is incarcerated and is proceeding pro se, that he is willing to accept the Court's proposal as well. Accordingly, the parties have reached a settlement in principle. I will report the settlement to Judge Furman, and I expect that he will issue a 30-day order of dismissal while the parties finalize their settlement, including their stipulation of settlement and release.

**SO ORDERED.**
